

BRIDELIVE™

The Easiest Way to Meet!

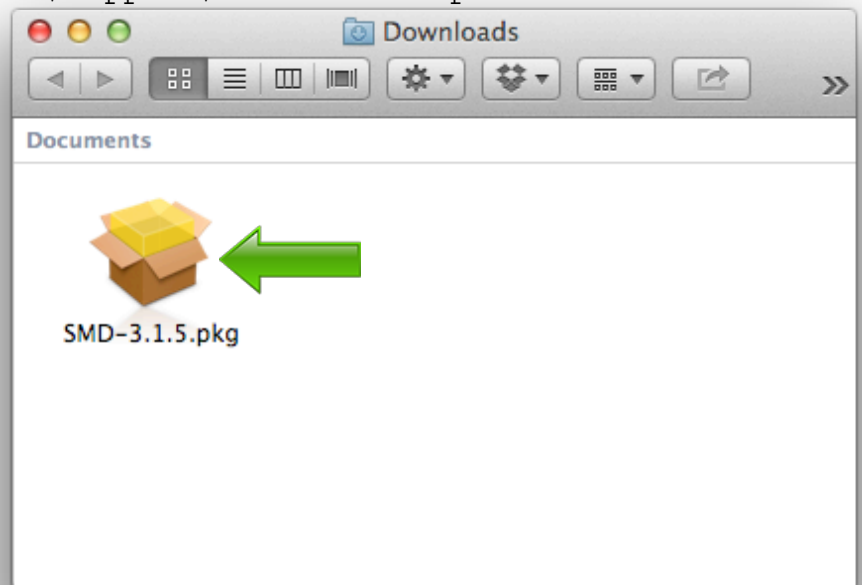

Installing ShowMyDesktop v. 3 for Mac
System Requirements:
Mac OS X 10.6, 10.7, or 10.8

1. Click Here to Download the
ShowMyDesktop installer package.

(or copy and paste this URL into your
browser to download):

<http://www.livecloudevents.com/support/SMD-3.1.5.zip>

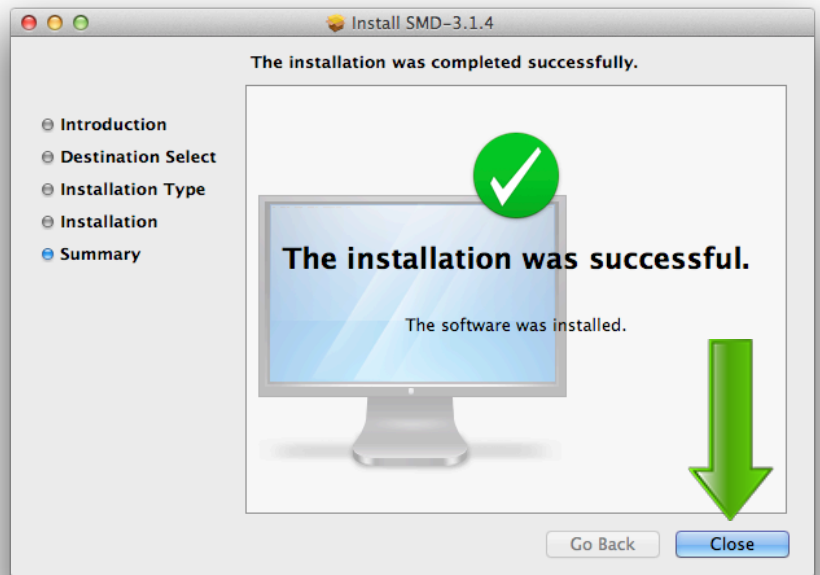

2. Open your **Downloads** folder,
and find the SMD-3.1.5.pkg.
Double-click the package icon.

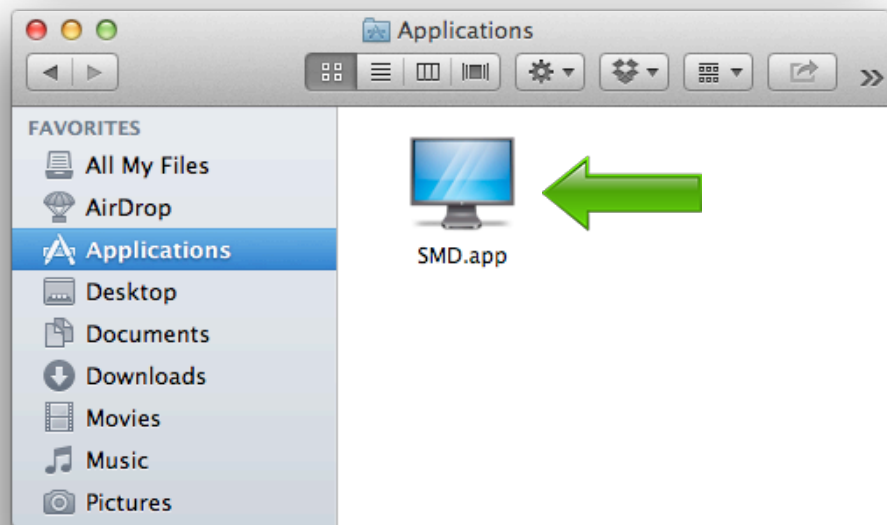

3. Click **Continue** and proceed with
the installation.

4. Once Complete, Click the **Close** button.

5. Open your **Applications** folder and locate the "SMD" application. Double-click the icon to launch.

6. Once the SMD app has been launched, you'll see the icon in Dock. **Right-click** (or Control-click) the icon, select **Options**, and **Open at Login**. This will ensure that SMD opens automatically upon restarting your Mac.

That's it! You're ready to return to BrideLive and use the Show My Desktop feature.
